manish.

learn.themanishchauhan.in

AI classes for school students · Classes 6–12

Already teaching kids in the USA. Now here in India.

Learn AI by building real things.

Live online on Google Meet · Classes every Saturday and Sunday · Batches of 10–15

Launch offer: no admission fee for the first 51 students, plus a free demo class.

Classes 6–8

Make with AI

Games, chatbots and first steps in coding

Classes 9–12

Build and Study with AI

Smarter study for boards, JEE and NEET, websites and Python

Level 1 · Basics → **Level 2 · Builder** → **Level 3 · Advanced**

8 weeks per level · 1-hour classes every Saturday and Sunday · project showcase every level

What they say in the USA

"The results were consistently impressive — the kids produced work that was far beyond what typical beginner classes deliver."

DK · Parent · Livermore, California

"Manish was and still is an amazing teacher who beautifully explained every concept in a way that I could understand as a beginner."

Brian · Student in the USA, learning with Manish since 2025
