1 Opening (30 seconds)

> *"Namaste ji, main Manish, yahin Rewari se hoon. Main chhote businesses ke liye simple software banata hoon. Bechne nahi aaya, bas 2 minute aapse samajhna chahta tha ki aap abhi [kiraya / patient record] ka hisaab kaise rakhte ho."*

2 Three questions: listen more, talk less

PG / hostel

1. "Kitne kamre / bed hain? Kiraya register mein ya Excel mein?"
2. "Sabse zyada pareshani kahan? Late kiraya, deposit ya naye tenant ka record?"
3. "Har mahine is hisaab mein kitna time jaata hai?"

Clinic

1. "Din mein kitne patient? Record register mein?"
2. "Purani history dhoondhne ya follow-up yaad dilane mein dikkat?"
3. "Billing aur parchi kaun banata hai?"

Website (coaching, shop, any business)

1. "Naye customer aapko kaise dhoondhte hain?"
2. "Google pe search karo to aapka naam aata hai? Website hai?"
3. "Timing, services, rates baar-baar phone pe batane padte hain?"

No real problem? Thank them, leave a leaflet, move on. Not every shop is a customer.

3 2-minute demo: only their problem

> *Late kiraya → "Ye overdue list hai. Ek click mein sabko WhatsApp reminder."*

> *Patient history → "Naam daalo, poori history aur pichli parchi saamne."*

> *No website → "Google pe aapka business, timing aur seedha WhatsApp button."*

> *"Kuch seekhna nahi padta. Setup main khud karunga, aur purana data bhi main hi daal dunga."*

4 Close: ask for the next step, not money

> *"Aapke 10 tenants / patients ka data daal ke aapke phone pe chala ke dikha deta hoon. Kal theek rahega ya parson?"*

5 Objections: what to say

They say	You say
"Hum register se theek hain."	"Bilkul, register chal raha hai. Har mahine late kiraya / purani parchi dhoondhne mein kitna time jaata hai? Software wahi time bachata hai."
"Itna kaam nahi hai hamara."	"Sahi baat hai, sabko zarurat nahi hoti. Kabhi badhe to mera number rakh lijiye." *(Then move on.)*
"Mehenga hai."	"₹799 mahine ka, yaani din ka lagbhag ₹27. Ek late kiraya time pe aa gaya to paisa wahin wasool."
"Staff nahi chala payega."	"Training main khud deta hoon, Hindi mein, 1 ghante mein. Dikkat ho to WhatsApp karo, usi din jawab."
"Data safe hai?"	"Aapka data sirf aapke login se dikhta hai." *(Say only if true for your app.)*
"Pehle se software hai."	"Achha hai. Usme WhatsApp reminder aur phone pe report aati hai?" *(Don't criticise their software.)*
"Soch ke batayenge."	"Zaroor. Kal WhatsApp pe details bhej deta hoon. Parson ek call kar loon?" *(Always get a date.)*
"Free hai kya?"	"Demo aur setup dikhana free hai. Software ka chhota monthly charge hai, taaki time pe support de sakoon."
Asks for something you don't have (e.g. fees)	"Abhi ye nahi hai. Bataiye kaise chalate ho, main dekhta hoon bana sakta hoon ya nahi." *(Write it down. 3–4 same requests = worth building.)*

6 Same-evening WhatsApp follow-up

Namaste [Name] ji, aaj milkar achha laga 🙏
Jaise baat hui thi, [RentCorp / ClinicOs / website] se [unki problem] ka kaam aasaan ho jayega.

[Din] ko 10 minute ka demo aapke data ke saath dikha doon? – Manish

✓ Do

- ✓ Ask, listen, then show only what solves their problem
- ✓ Be polite even on a "no". Small cities run on word of mouth
- ✓ Write down every visit (log below)

✗ Don't

- ✗ Criticise their current software or way of working
- ✗ Promise features you don't have (no fee collection yet)
- ✗ Push for payment on the first visit
